Lautaro Nuñez

Desarrollador FullStack. Diseño web.

FullStack Developer. Web desing.

SOBRE MI - ABOUT ME

I enjoy offering my knowledge at the service of creative projects. I'm interested in learning new technologies and methods to achieve goals and provide solutions. I like teamwork and I'm always trying to be a functional member. I'm passionate about programming, cinema and immersive technologies.

EXPERIENCIAS - EXPERIENCES

Académica. Oct 2021

PROYETO INDIVIDUAL FULLSTACK SOBRE PAÍSES. FULLSTACK INDIVIDUAL PROJECT ABOUT COUNTRIES.

The general idea is make an SPA where it's possible see information about different countries using the API 'restcountries' and be able to, among other things:

- Search Countries
- Filter and sort them
- Create turistic activities

I work with: React, Redux, Node, Sequelize, Express and CSS for styles.
The project had lasted three months.

Académica. Nov - Dec 2021

PROYECTO GRUPAL SOBRE GESTIÓN DE EVENTOS. GROUPAL PROJECT ABOUT EVENT MANAGEMENT.

-Creation of a vertical social web application about management of sport or social events.

-The app allows tickets purchase, events promotion and connection with others platforms like Telegram and Discord.

- The project is still in production. It is working together with other programmers. Its completion is planned for December 2021.
